

Quick Reference Service Chart

For more detailed requirements, please contact an Acclaim Systems Representative.

Languages/Development Tools

Java, VB.Net, VC.Net, C#.Net, Visual C++, Visual Basic, C/C++, OLE, ActiveX, Active Accessibility, ATL Technologies, SAPI, SMAPI, Text-to-Speech, MAPI, MS Agent, ODBC

Application Development

Web Application Development / Internet Development

Cold Fusion, IBM Websphere Application Server, Weblogic, Apache Web Server, Oracle 9iAS, Visual InterDev, IIS, MTS, Site Server, HTML, Java Script, VB Script, Perl, ASP, .NET, EDI, XML, JavaBeans, Swing, J2EE (JDBC, JSP, EJB, Servlets, JavaMail), JBuilder, Visual Age for Java, VisiBroker, CGI, Powerbuilder

Databases

Oracle, SQL Server, MS-Access, Ingress, Informix, Sybase, PL-SQL, IBM, DB2, MY-SQL

Object/Data Modeling Tools / Change Management Tools (CASE Tools)

Rational Rose, ERWin and Visio Enterprise, Rational Clear Case, Visual SourceSafe

Development Methodologies/Notations

UML, OOA/D, Use Cases, PMI Project Management Methodology

Workflow and Content Management

CRM, ERP Tools

Operating Systems

AIX, Novell, Windows (NT, 2000, XP), UNIX (Sun Solaris, Linux)

Data Warehousing / Data Modeling and Systems Analysis

ERWin Data Modeler (Star Schema), Informatica Powermart 5.5.1 (Including Server Manager, Repository Manager & Designer)

Distributed Architectures

CORBA, COM/DCOM

Applications

PeopleSoft, SAP, QAD, Sterling COOL GEN, Lotus Notes, SAS/Base, SAS/AF (SAS Component Language-SCL, AF Frames), SAS/FSP, SAS/Graph, Cognos (Including Cognos Impromptu Administrator and Cognos PowerPlay), Siebel, PC/SAS, Crystal Reports

GIS, EIS Systems

Program Managers / Project Managers / Technical Architects / Team Leads / Module Leads / Object Librarians / Quality Assurance Specialists / Data Entry / Help Desk / Technical Writers / Network Engineers / Testers / Software Process Engineers / System Administrators / Network and Data Security Specialists

Mainframe

COBOL / DB2 / CIC
